

Garmin T220i & T225iT Route Check v3.2.1

October – November 2019 Today I've finally got the hold of my comp, I've got a cracked screen (one of the corners is a bit cracked), the SD card is scratched on all sides, and the RAW file is badly unreadable. I've googled a new micro SD card, and in the meantime I'll use my old and broken one. September – October 2019 Took a trip down the IKEA store in the middle of August, which is also my parents' 50th wedding anniversary. Together we got this little Galileo telescope, and on the trip down to Turku I got this. August – September 2019 I've picked up a little Galileo telescope for my terrariums at IKEA. 7th – 8th August 2019 We've finished the terrariums and set up our new one in the living room. August – September 2019 The table and chairs from the old terrariums' terrariums have arrived, so we're keeping them at home for the time being. 24th July – 7th August 2019 My parents' 50th wedding anniversary is on the way. We've made plans for their little adventure, and we're all excited for it. July – August 2019 Sweden is having it's first heat wave in a looooong time, it's all right when it's cold, but when it's too hot for August, it's not fun. Unfortunately we had it for a few days this summer too. July – August 2019 My parents' 50th wedding anniversary is coming up. I've made plans for their little adventure, and I'm a little nervous to see what will happen. It'll be fun, I'm sure. July – August 2019 My parents' 50th wedding anniversary is coming up.
