Pirlo to be rated at 91 – No matter which category the player performs in, Pirlo will be rated at 91, with new movement elements on field. For example, Pirlo is expected to be equipped with greater power and acceleration to deliver both better defending and attacking, increased intelligence of second and third touch, better sight, acceleration, and drive. New make-up for Goalkeepers – The goalkeeper’s body is more defined with realistic chest shapes, and their weight is controlled in a more appropriate manner. New Team Balance – Players more realistically adapt to the balance of each team as the match progresses. Better Performance – Players have a stronger and more natural feeling of movement on the field. FIFA 22 allows players to master all the movements of a team, creating an authentic experience and more realistic player movements. Select a team of up to 32 players and create match strategies Create your own team using the in-game editor and use the game functions Combine players with the import function Watch the move live in game Multi-player games with FIFA Ultimate Team The new look is going to be familiar but there are many new gameplay mechanics This is what we can expect FIFA 22 for PC Better movement Improved ball control and dribbling Better shooting Double sided touch Better forwards movement with knee slides and slide tackles Improved Shot patterns Better free kicks Better post-game celebrations New Dribbling Controls Improved AI and Behaviors Player model improvements Usability improvements FIFA 15 was an excellent effort in the long term, but FIFA 22 is a much bigger and improved version of the game. A number of new aspects should be very attractive to all players. FIFA 22 Patch Notes – What’s new? FIFA 22 Download – [All Featured Devices] Is FIFA 22 available for download? Features Key:

- FIFA 22 launches with Player Impact Engine (PIE), PIE is one of the industry’s most advanced sports motion-capture and player simulation algorithms. By combining the ground-breaking data collection, deep physical, and tactical model, PIE tracks every individual movement and collision interaction, from running to tackling, and simulates it all into the game.
- The most immersive suite of kits available in any FIFA game to date, as voted for by the on-pitch experts. The new Ultimate Team reward system, unique to FIFA games, delivers an all-new feel to collecting, trading, and upgrading your squad, with new Coin Cards unlocking unique player items.
- Live the dream with a new Career mode that offers unprecedented control over your Pro’s development as a player, manager, and citizen.
- Enjoy a brand new presentation that gives teams, players, and stadiums more visual and emotional depth.
- Become the best defender with completely rebalanced AI and new defensive modi.
- Play exclusive Ultimate Team Tournaments that determine what the meta in Ultimate Team will be.
- Test your tactics, team, and insight with a new Training and Tactics toolset. Test your game plan using the new Pre Game Live action where you can select which players to call up prior to the match.
- Take your customization to a new level with the all-new Skill Stick.
- Create and train Ultimate Team players just like in real life.
- New vision-based challenges can only be activated in FIFA 22.
