Weight Watcher Tracker

Food Diary is a diet plan tracking application that allows you to keep a diet diary and track the remaining points. It allows you to create a personalized weight loss plan and a menu that includes meals, snacks and drinks. This app contains the calorie counter and the function for recording all your daily points intake. It also includes the tracking functions for recording your body weight daily, weekly, monthly, and yearly. This app will help you to track your weight and monitor your diet. OmniTracking is a simple, easy to use, but powerful tool for all your mobile-tracker needs. It's all the features you have come to expect from a quality application - a list of comprehensive features: * Calorie and Weight Tracking * Multiple Accounts * International Price Converter * Flexible Time Frames * Audio/Video Trackers * Graphical Calculators and Charts * "Seen and Heard" * Customizable * Very well documented iTunes has "Conveniently" sold this application as a "diet app" for the price of a lifetime subscription to the free version, which is in fact a lifetime subscription to the free version of a \$60 application for life. You can get this app for free from the AppStore here. A lovely, useful free diet tracker that will help you keep in check. * Logs and tracks all foods, drinks, and exercises * Weight tracking * Calories * Customizable reports * Graphical charts * Audio/Video Tracing * Options to view your log in the form of a report or a list * Time of day in 12 different cities * Intuitive interface * Log updates as often as once every minute DietTracking is a simple and powerful application that can help you to keep track of your diet and your weight loss. * Record all your meals and their information (location, date, type) and your weight * Log weight daily, weekly, monthly * Log calorie intake daily, weekly, monthly * Log diet food intake daily, weekly, monthly * Calorie count for at least 20 different diets * Graphical charts * Option to create your own diet in 'Customize Diet' * Highlight the days with the lowest and highest calorie counts and visualize them * Highlight your diet with foods * Many options to customize your diet * Option to add your own snacks * Calculate
